Stress relief

Hire a professional. Our knowledge and experience will eliminate all potential problems: price add-ons, staging, setup schedule, artist rider requirements, travel/directions, performance schedule. We have heard numerous "HORROR" stories about a committee member, meeting planner or bride who booked a band or comic that they saw at a club or on the internet...only to "stress out" during the final pre-planning and actual artist performance.

"Over the twenty years you have provided entertainment, we have never been disappointed. You have stayed within budget, engaged good wholesome entertainment and have always matched the act to the audience."
 - Shoppers Food

Taylor Mason, (former \$100,000 Star Search Grand Champion) performs a great show for corporate banquets, conventions, fairs and festivals. His act is a home run! Audiences love "Paco the Pig". Contact our office for promotional material.

Tying the knot?

Our experienced wedding planners will ensure you select the most appropriate music for your ceremony & reception. We have access to the best bands, DJ's and musicians in the Mid-Atlantic states. "You only have one chance to make it right".

Do we know talent?

One of our company's greatest coups was booking RAY ROMANO for Giant Food Store's Sales Meeting six months before the debut of his hit TV Show, "Everybody Loves Raymond". GIANT management loved his act and the pre TV show price!

True or False?

Joe Bonsall, country/gospel singer (THE OAK RIDGE BOYS) and Bonnie Boyer (CEO HEINIMAN PRODUCTIONS), shown above, were both born in PA. TRUE! Joe admitted that he was born in Philadelphia during a concert meet & greet with one of our clients.
